Town Tank Permittee

Dear Permittee,

On May 17, 2019, Matt met with you to discuss your 2019 Annual Operating Instructions for the Town Tank Allotment. The pasture rotation and numbers as discussed are as follows:

| <u>Pasture</u> | <u>Numbers</u> | <u>Dates</u> |
|----------------|----------------|---------------------------|
| West | 14 c/c | July 1 to August 31 |
| East | 14 c/c | September 1 to October 15 |

The desired utilization level is 25% on key species in key areas and we would like to monitor utilization with you after the livestock leave a pasture. Adjustments to this rotation may be needed during the grazing season due to water availability, forage availability and/or management concerns. Please contact Matt prior to the schedule move date and request an adjustment to the 2019 grazing schedule.

By this letter, I also authorize you or persons employed by you to cut and remove any trees needed for fence posts and stays for maintenance of structural range improvements within the Town Tank Allotment. A copy of this letter must be in possession while engaged in any tree cutting.

This letter will serve as your 2019 Annual Operating Instructions for the Town Tank Allotment. If you have any questions please contact Kendell, Matt or Andy at (928) 368-2100 or 535-7300.

Sincerely,

EDWARD COLLINS
District Ranger
